

Phillip Justin Wallace is a second-generation pipeline welder. He was initiated into Local 798 on June 6<sup>th</sup>, 1999 as a welder helper. Justin has since worked as a welder, job steward, and welder foreman. He worked at the Pipeline Industry Benefit Fund for over five years, as the Pension and Contributions Manager, and was also honored to be elected to represent Local 798 at the 39<sup>th</sup> UA General Convention in 2016. Justin was born and raised in Bald Knob, Arkansas, but has lived in Claremore, Oklahoma for the last several years.

Justin has been married to Amy Wallace since 2007, and they have two children, Wyatt age 10 and Tenley age 7. I look forward to continuing to serve the greatest Local Union in the world.
